OCTOBER 31

INMED Introduces GoodSearch.com, GoodShop.com and Vehicle Donation Programs

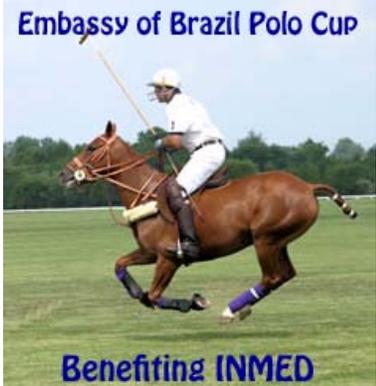

Ashburn, Virginia, October 31, 2008—Kids suffer the most during these hard economic times. Whatever you can afford to give will help—what we cannot afford is to ignore the urgent need to preserve the health, security and educational opportunities for those most at risk. INMED reaches out to catch vulnerable children before they fall through the cracks. Will you reach out your hand as well?

You may make a tax-deductible donation [online](#) or send a check to INMED Partnerships for Children at 20110 Ashbrook Place, Suite 260, Ashburn, VA 20147. Or consider some of the other ways you can help:

How many times a day do you search the internet? For many of us, those searches add up—and now, with GoodSearch.com, donations can add up for INMED at the same time. [GoodSearch.com](#) is a Yahoo-powered search engine that donates half its advertising revenue, about a penny per search, to the nonprofit organizations its users designate. Use it just as you would any search engine—just go to [www.goodsearch.com](#) and be sure to enter INMED Partnerships for Children as the organization you want to support.

Planning to do online shopping for the holidays? [GoodShop.com](#) is an online shopping mall that donates a percentage of each purchase to your favorite cause. Hundreds of leading retailers, including Amazon, Target, Gap, Best Buy, eBay, Macy's and Barnes & Noble, have teamed up with GoodShop. Select INMED Partnerships for Children as the organization you want to support, then every time you place an online order with participating stores, you'll be supporting INMED, at no extra cost to you. More information in the How Can You Help section of the website.

Do you have an unwanted vehicle? Don't trade it in—donate it to INMED, and take a tax deduction at the same time. Our [vehicle donation service](#) makes it easy to donate your car, truck or RV conveniently and for free. More information in the How Can You Help section of the website.
