PVO/NGO:	INMED Partnerships for Children
Country:	Peru
Dates:	2006-2010
CSHGP Funding Year:	FY 2006
Project Description:	<p>Project Goal: To reduce maternal, perinatal and infant morbidity and mortality in nine districts of the Region of Ucayali in the Amazon jungle of Peru</p> <p>Interventions: - Maternal and newborn care - Breastfeeding Strategies: The Healthy Babies program will improve access and quality of maternal and newborn care by: 1. Providing training in MAMAN to health personnel and in IMCI with a neonatal component to community health workers 2. Improving current breastfeeding practices at the community level through promotional activities, advocacy from peer support groups and trained CHWs and TBAs 3. Strengthening the organizational capacity of INMED and its local partner, PRISMA, for training and supervision of IMCI with a neonatal component through training of trainers and on-site follow-up visits 5. Strengthening the sub-district level of the Ministry of Health through service delivery and their involvement in nine Community Boards to strengthen local management, improve technical capacity and provide logistic support to prevent maternal, neonatal and infant deaths</p>

Project Location:	The Ucayali Region in the Amazon jungle of Peru. The project will work in two of the four provinces and nine of the 14 districts in Ucayali.
