

INMED  
**Partnerships for Children**  
*Healthy Children, Bright Futures*

Dear Friend,

Today is the first day Alex, a seven-year-old boy from Peru, is getting ready for bed without the unmistakable pangs of hunger rumbling in his belly. Tomorrow a disabled farmer in South Africa will sell his first harvest in a decade, and go home full of pride knowing that he will feed his family well. People like you make these moments possible. Supporters of INMED Partnerships for Children have been giving these important opportunities to children and families around the world for more than 25 years.

Please make a gift today to help us reach more hungry children and parents searching for ways to provide for their families.

**Donate Today**

During this season of plenty when many of us have enjoyed bountiful Thanksgiving meals, it's important to remain mindful of the families who go without a consistent healthy meal for much of the year.

***"Our children are basically malnourished. Children sleep during class, are tired and can't pay attention, and we know that they don't have enough to eat."*** One teacher's observation is sadly echoed by others in schools throughout Brazil.

Your donations help feed hungry children every day. Your gifts really do give the gift of nourishment to lovable, happy children – in so many wonderful ways. It takes innovative new approaches to food security to adapt to the changing needs of communities around the world – and that is exactly what we're doing! We are proud to share one such exciting endeavor that is proving to be successful in Jamaica and South Africa, starting now in Peru, and expanding into Brazil very soon.

Your gift is extremely important to INMED Partnerships for Children because it provides resources that make an immediate impact to help families through these tough times. Your tax-deductible gift of \$50, \$100, \$500, or \$1,000 can make all the difference to a child so hungry he can't concentrate in school, to a community health worker who feels her heart break each time she meets another struggling family, and to all of us at INMED Partnerships

for Children who know very well that this critical work can't be done without your partnership.

Each and every day we are thankful for the families who want to work hard to provide a better life for their children, and for the amazing support we receive from generous people like you – we can't do it without you. Can we count on your support today?

Wishing you a healthy and happy holiday season,

Warmest regards,

Linda Pfeiffer, Ph.D.  
Founder, President and CEO

P.S. Please share this email with a friend, family member or colleague, and encourage them to join you in transforming the life of a hungry child today!

## About INMED Partnerships for Children

INMED Partnerships for Children is an international humanitarian development organization. Since 1986, INMED has built alliances with public- and private-sector partners in more than 100 countries to rescue children from the immediate and irreversible harm of disease, hunger, abuse, neglect or violence, and to prepare them to shape a brighter future for themselves and the next generation.

Together with our partners, INMED is transforming the future for hundreds of thousands of children and their family and community members in the U.S., Latin America and the Caribbean, and southern Africa by:

- Securing children's health, development and safety
- Developing skills, knowledge and opportunities for children and youth
- Building family and community capacity to support and sustain positive change
