

**GENERAL FEDERATION
of WOMEN'S CLUBS**

March 27, 2013

Dear GFWC Clubwomen,

INMED Partnerships for Children wishes you a wonderful start to the Spring season! Hopefully many of you are seeing the weather warm up and flowers take bloom in your neighborhoods and communities. Our Spring is blossoming with several new projects that will renew hope and opportunities for children and families in desperate situations around the world.

Our Face the Challenge raffle to take place at the GFWC Annual Convention is well under way! We are so excited to have had dozens of clubs request our materials for presentation to their clubs. We'd like to share the very first picture we've received, from the Federated East Valley Woman's Club in Los Angeles County, California.

If you'd like the chance to win a fun prize at the convention and see your photos displayed at the INMED table, please participate! All you need to do is request INMED's Face the Challenge campaign materials and present them at an upcoming club meeting no later than June 10, 2013. Then send INMED a photo with your club members holding the materials and you will be entered into the raffle to take place at the convention. Your club will also be highlighted on the INMED website and social media sites.

About INMED Partnerships for Children

INMED Partnerships for Children is an international humanitarian development organization. Since 1986, INMED has built alliances with public- and private-sector partners in more than 100 countries to rescue children from the immediate and irreversible harm of disease, hunger, abuse, neglect or violence, and to prepare them to shape a brighter future for themselves and the next generation.

Together with our partners, INMED is transforming the future for hundreds of thousands of children and their family and community members in the U.S., Latin America and the Caribbean, and southern Africa by:

- Securing children's health, development and safety
- Developing skills, knowledge and opportunities for children and youth
- Building family and community capacity to support and sustain positive change
